

Speciality Magnetic Components

QUALIFIED TO ISO 9001:2008

REACH COMPLIANCE STATEMENT

Telcon Limited are working towards REACH and are fully aware and understand the aspects and impacts of the EU regulation on the Registration, Evaluation and Authorization of Chemicals and the dates which guidelines dictate from the process.

Telcon is classed as a downstream user. We do not create chemicals from raw materials but are involved in the processing of them. We do not therefore not required to pre-register or register our products.

We confirm that none of the substances on the initial European Chemicals Agency list of SVHC, are used in any of Telcon's products or production processes.

Our current REACH policy

1. To identify all materials and substances used within our products and check if they are exempted from one or all aspects of REACH.
2. Identify for any substance in which roles we need to act under REACH.
3. Gain supplier conformation that any materials falling within Para.2 have been Pre-Registered.
4. Continually review our materials in both existing and all new products.

Should you require any further information and help please contact us.

A handwritten signature in black ink, appearing to read "M.A. Atkins", enclosed within a hand-drawn circle.
